RE: THE OHIO STATE UNIVERSITY, OHIO AGRICULTURAL RESEARCH AND DEVELOPMENT CENTER, OHD080166945, WAYNE CNTY, LQG RTC

Dear Mr. Walker:

On October 10, October 24, October 30 and November 16, 2012, I received The Ohio State University (OSU), Ohio Agricultural Research and Development Center's (OARDC) response to Ohio EPA's September 25, 2012 Notice of Violation/Partial Return to Compliance (NOV/PRTC) letter. The following is the status of the violations from Ohio EPA's September 25, 2015 NOV/PRTC letter:

Letter Citation #	Rule Citation
1.A./B./C.	Waste Evaluation, OAC rule 3745-52-11: OARDC's October 10 response included a description of corrective actions that have been implemented to ensure compliance with this rule. Based upon submitted documentation, this violation has been adequately addressed.
2.	Labeling and Dating Hazardous Waste Accumulation Containers, OAC rule 3745-52-34(A)(2)(3): OARDC's October 10 response included a description of corrective actions that have been implemented to ensure compliance with this rule. Based upon submitted documentation, this violation has been adequately addressed.
3.	Satellite Accumulation Requirements, OAC rule 3745-52-34(C)(1)(a): OARDC's October 10 response included photographs of the one, 55-gallon container in the Farm Shop to demonstrate compliance with this rule. Based upon submitted documentation, this violation has been adequately addressed.
4.	Exception Report, OAC rule 3745-52-42(A)(2): This violation was previously addressed.
5.	Personnel Training, OAC rule 3745-65-16(B)(C)(D)(1-4): OARDC's October 30 and November 16 responses included personnel training related documentation required by this rule. Based upon submitted documentation, this violation has been adequately addressed.
6.	Testing & Maintenance of Emergency Equipment, OAC rule 3745-65-33: OARDC's October 10 response included a copy of the completed inspection log that documents the emergency equipment is being inspected. Based upon submitted documentation, this violation has been adequately addressed.

7.	OAC rule 3745-65-51(A) & OAC rule 3745-65-52(A)(C)(D)(E)&(F), Contingency Plan: This violation was previously addressed.
8.	Condition of Containers, OAC rule 3745-66-71: OARDC's October 10 response included a description of corrective actions that have been implemented to ensure compliance with this rule. Based upon submitted documentation, this violation has been adequately addressed.
9.	Management of Containers, OAC rule 3745-66-73(A): OARDC's October 10 response included a description of corrective actions that have been implemented to ensure compliance with this rule. Based upon submitted documentation, this violation has been adequately addressed.
10.	Inspections of Containers, OAC rule 3745-66-74: OARDC's October 10 response included a copy of the completed inspection log that documents hazardous waste containers are being inspected. Based upon submitted documentation, this violation has been adequately addressed.
11.	Land Disposal Restriction Requirements for Generators, OAC rule 3745-270-07(A)(8): OARDC's October 10 and October 24 responses included a copy of the required land disposal restriction (LDR) notices. Based upon submitted documentation, this violation has been adequately addressed.
12.	Universal Waste Management Standards for Small Quantity Handlers, OAC rule 3745-273-13(A)(1)(D)(1): OARDC's October 10 response included photographs of universal waste containers to demonstrate compliance with this rule. Based upon submitted documentation, this violation has been adequately addressed.
13.	Labeling/marketing Standards for Small Quantity Handlers of Universal Waste, OAC rule 3745-273-14(A)(E): OARDC's October 10 response included photographs of universal waste containers to demonstrate compliance with this rule. Based upon submitted documentation, this violation has been adequately addressed.
14.	Employee Training for Small Quantity Handlers of Universal Waste, OAC rule 3745-273-16: OARDC's October 10 and October 24 responses included documentation concerning the training provided to employees on universal waste handling and emergency procedures. Based upon submitted documentation, this violation has been adequately addressed.
