Re: Return to Compliance disposal of waste water treatment plant sludge

To Whom it May Concern:

On November 5, 2012, Ohio EPA did a follow-up inspection of the waste water treatment plant to determine if waste water sludge was properly removed from the Martins Ferry Plant. On July 31, 2012, the Ohio Environmental Protection Agency drove by 4 K Industrial Park, LLC, formally known as RG Steel Wheeling, LLC, (Facility) Martins Ferry, located in Belmont County, Ohio. At the time of the inspection, a large quantity of waste water treatment plant sludge was observed on the ground directly beside the waste water treatment plant. As a result of the November 5, 2012 inspection, Ohio EPA determined that the Facility has abated the following violations:

Citation	Requirement	Action taken
ORC Section 3734.03	Open dumping prohibited	Facility provided disposal receipts on August 22, 2012 final inspection was conducted on November 5, 2012.
OAC Rule 3745-27-05(C)	Open dumping prohibited	Facility provided disposal receipts on August 22, 2012. Final inspection was conducted on November 5, 2012
