**Re: Muskingum County
Aaron Rents, Inc.
Storm Water Construction Activity
Notice of Violation
0GC01048*AG**

Mr. Lee Deison
Aaron Rents, Inc.
309 E. Paces Ferry Road NE
8th Floor
Atlanta, GA 30305

Dear Mr. Deison:

On June 24, 2009, I visited your site on Maysville Pike in Zanesville. The purpose of the inspection was to determine the compliance status of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. The following areas need to be addressed:

Permit Coverage

1. Part III.G.2.b.i (Table 1) of the permit requires that permanent stabilization be applied to areas at final grade within 7 days of the last disturbance. Permanent stabilization is defined as the establishment of permanent vegetative cover, decorative landscape mulching, matting, sod, rip rap and landscaping techniques to provide permanent erosion control.

It appears the site has already been seeded and mulched, however the vegetative cover on the site is insufficient. Vegetation must be better established at the site to obtain a minimum of 70% growth density.

Sediment and erosion controls for your site must meet the guidelines and design criteria set forth in the above mentioned *Rainwater and Land Development* manual. A copy of this manual may be obtained by contacting the Ohio Department of Natural Resources, Division of Soil and Water Conservation, at (614) 265-6610.

Within fourteen (14) days of receipt of this letter, please submit to me at this office a written notification as to actions taken or proposed to eliminate violations of the permit. Your response should include the dates, either actual or proposed, for the completion of the actions. If you have any questions, please contact Aaron Wolfe at (740) 380-5277 or me at (740) 380-5413.

Sincerely,

Dustin Tschudy
Storm Water Section
