**Re: Coshocton County
City of Coshocton
Phase II/MS4
Permit Number 0GQ00013*AG
MS4 Program Audit Findings**

Mayor and Council
City of Coshocton
760 Chestnut Street
Coshocton, Ohio 43812

Mrs. Deb Bigelow
Coshocton Soil and Water Conservation District
724 South Seventh Street, Room 120
Coshocton, Ohio 43812

Dear Mayor and Mrs. Bigelow:

On February 25, 2010, Ohio EPA conducted an inspection of the City of Coshocton's Municipal Separate Storm Sewer System program. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of the inspection, I have the following comments:

3.2.1 Public Education and Outreach

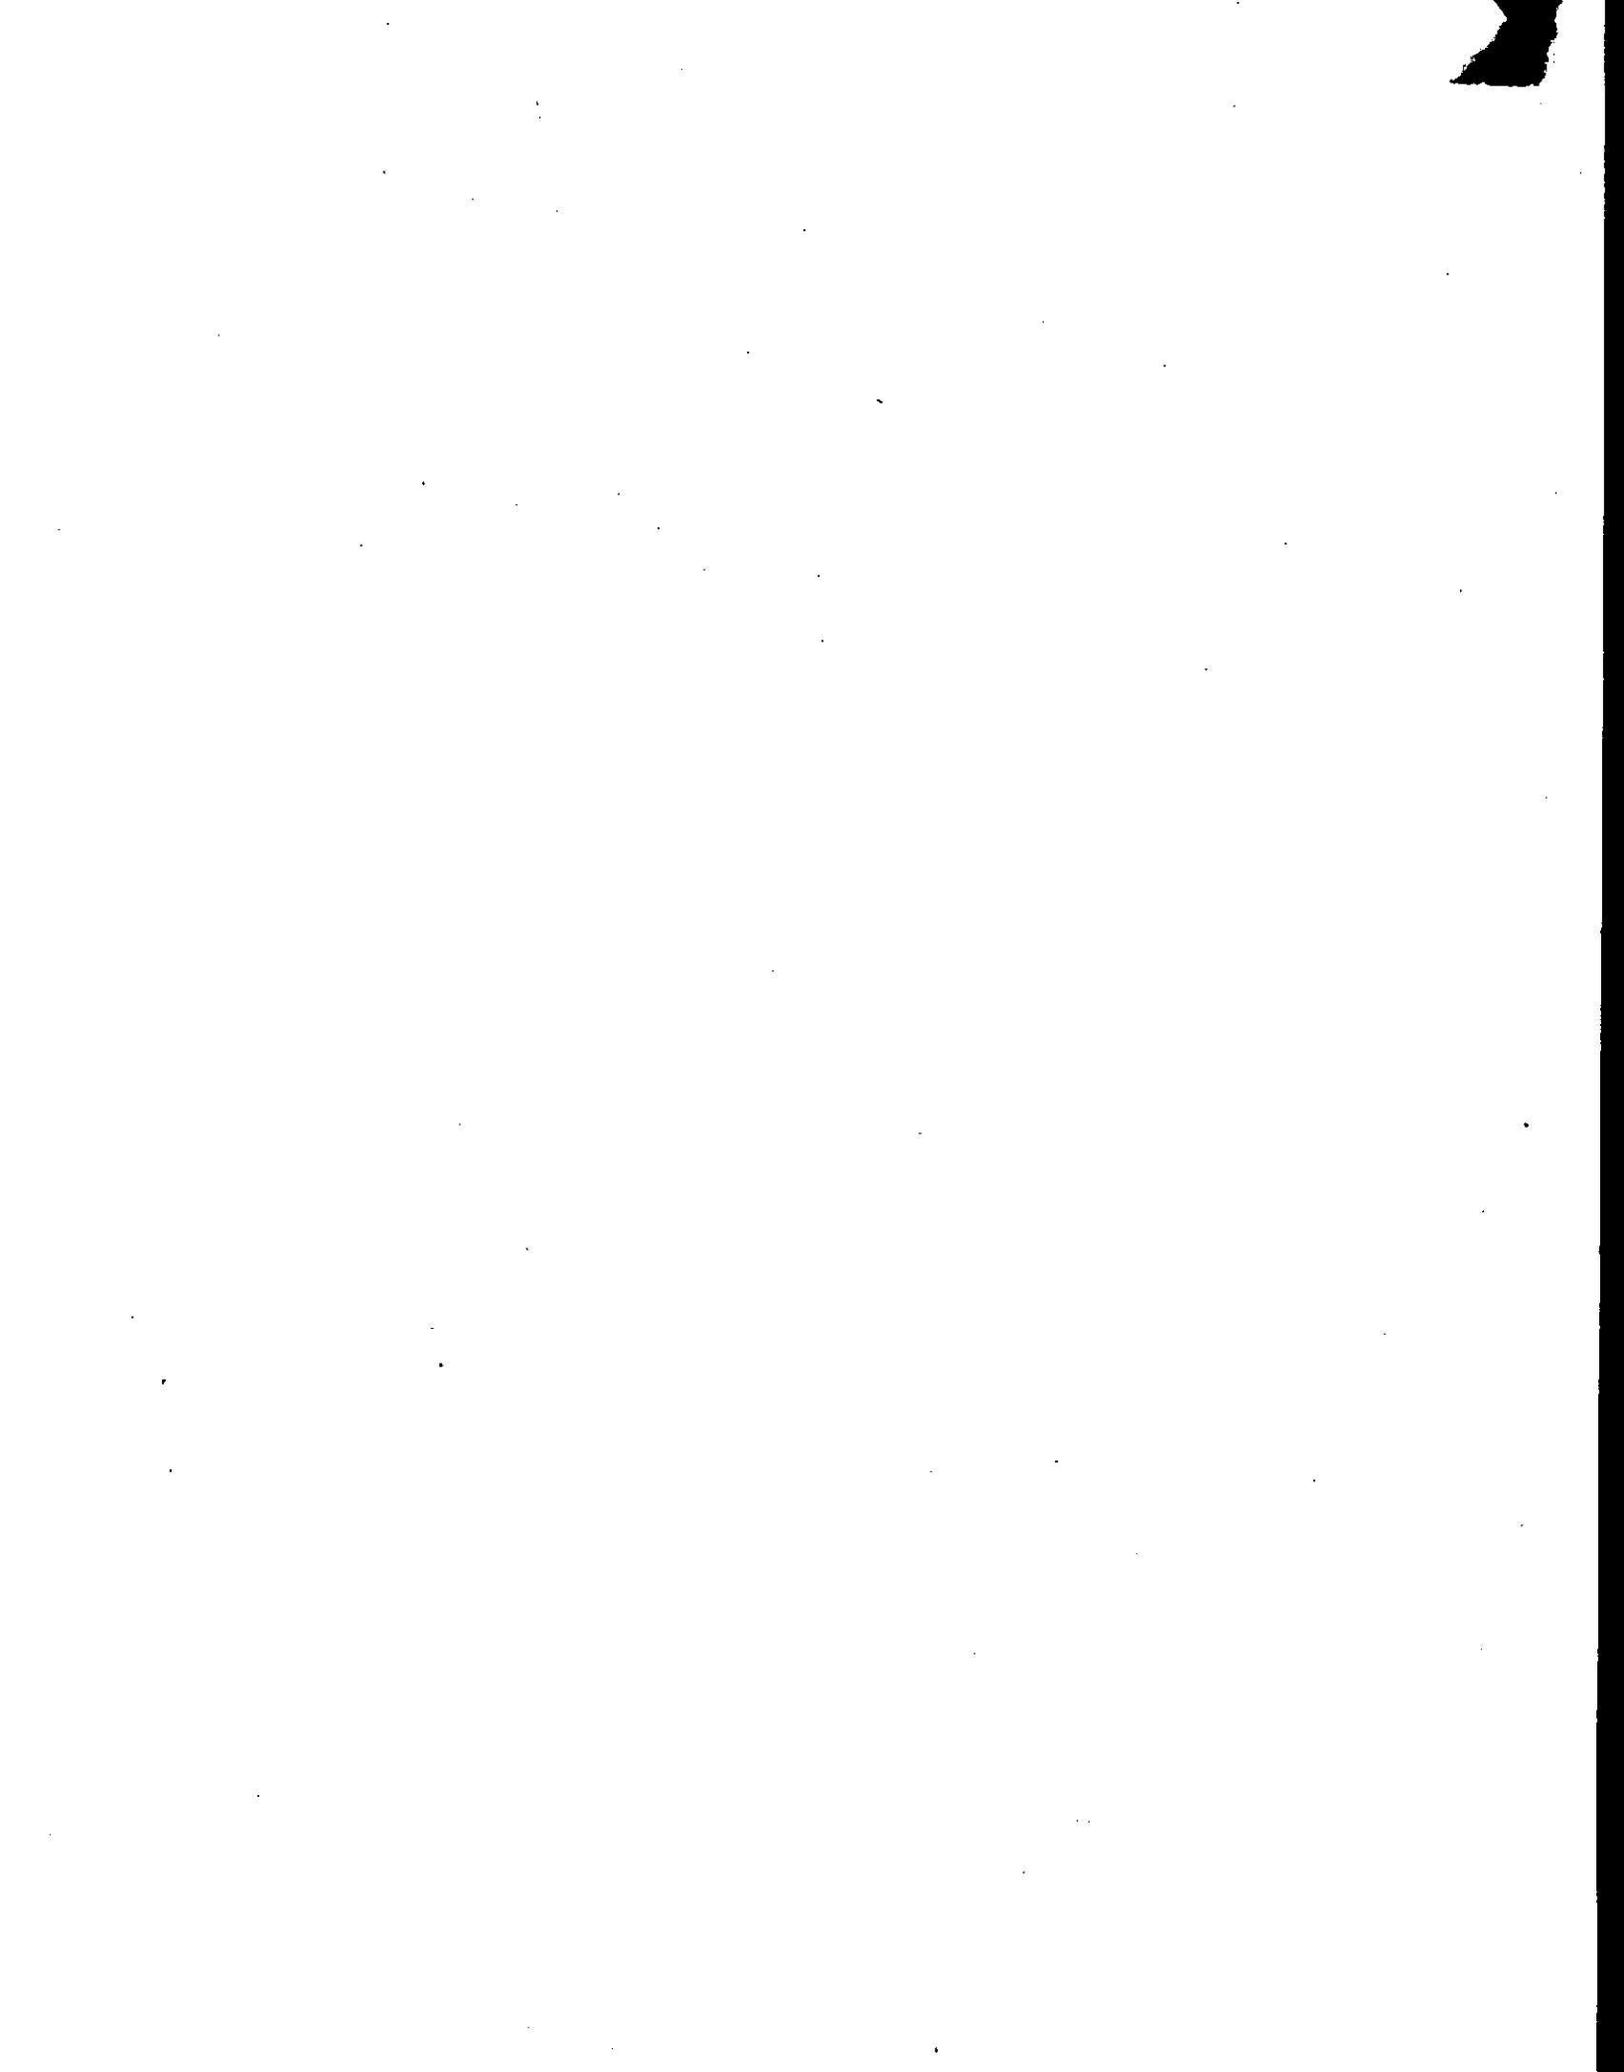

1. Utilize the local colleges for interns during the summer months. Many programs require an internship to be completed.
2. Pursue grants for funds to purchase supplies. Utilize text found at the bottom of the page at this link http://www.epa.ohio.gov/dsw/storm/ms4_index.aspx to search for potential funding sources.

3.2.2 Public Involvement and Participation

1. Continue your efforts in complying with this control measure.

3.2.3 Illicit Discharge Detection and Elimination

1. Continue your efforts in complying with this control measure.

3.2.4 Construction Site Storm Water Runoff Control

1. Mrs. Bigelow will be making changes to wording in the MS4 storm water management plan to better describe the SWP3 plan submittal/review process.

3.2.5 Post Construction Storm Water Management in New Development and Redevelopment

1. Mrs. Bigelow will be making changes to wording in the MS4 storm water management plan to better describe the SWP3 plan submittal/review process.

3.2.6 Pollution Prevention and Good Housekeeping for Municipal Operations

1. I will be making another visit in the future to assist the City in determining compliance with the MS4 permit in this area.

Within sixty (60) days of receipt of this letter, please submit to me at this office a written notification as to actions taken or proposed to address the above comments. Your response should include the dates, either actual or proposed, for the completion of the actions. If you have any questions, please contact me at (740) 380-5277.

Sincerely,

Aaron Wolfe
Storm Water Coordinator
Division of Surface Water
