To whom it may concern:

On April 6, 2010, Ohio EPA conducted an inspection of the Zanesville Separate Storm Sewer System program. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

During the inspection, we discussed the annual report. Zanesville did not submit the report on the due date of April 1, 2010. Ohio EPA recognizes the loss of one of the city's lead workers in this area and asks that the report be completed as soon as possible. When I receive the report, I will generate another more detailed inspection letter.

If you have any questions, please contact me at (740) 380-5277.

Sincerely,

Aaron Wolfe
Storm Water Coordinator
