Hazardous Waste  
**Return to Compliance**

October 30, 2012

Mr. Terry Witt, Owner  
Terry's Auto & Truck Repair  
21270 State Route 579  
Williston, Ohio 43468

Dear Mr. Witt:

Thank you for your two October 18, 2012, responses to Ohio EPA's October 16, 2012, Notice of Violation letter. You submitted a photo of a labeled box for used lamps, a statement that you have changed your cleaning solvent to diesel fuel and mixed the old solvent with your used oil, an MSDS for the diesel fuel, a photo of the cleaned up back lot, a description of the contents of the containers in the back lot and photos of all the used oil containers documenting that they are properly labeled.

My review of this documentation reveals that on October 18, 2012, TATR adequately demonstrated abatement of the four violations discovered during my October 3, 2012, complaint investigation and inspection.

If you have any questions, please feel free to contact me at (419) 373-3074.

Sincerely,

Don North  
District Representative  
Division of Materials and Waste Management
