Mr. Matt Bird, Maintenance Supervisor  
Precision Strip, Inc.  
7401 Ponderosa Road  
Perrysburg, Ohio 43551

Dear Mr. Bird:

On October 17, 2012, Wendy Miller and I conducted a compliance evaluation inspection at Precision Strip, Inc. (PSI) located at 7401 Ponderosa Road, in Perrysburg, Ohio. We inspected PSI to determine its compliance with Ohio's hazardous waste laws as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC). Pollution prevention options were also discussed during this inspection.

During our visit we toured your facility and reviewed applicable paperwork. PSI is a processor for steel and aluminum products. Large rolls of steel and aluminum are cut to width/length for use in the automotive and appliance industry. Used hydraulic and pre-lube oil is generated and stored in pump station tanks, drums and totes. Used oil is picked up by Safety Kleen and recycled. Clean Solv is used to wipe off the rollers and belts on the 903 cutting line and the shop towels are laundered by Miller Textile. Scrap metal is recycled by Omnisource. Forklifts are serviced by an outside contractor (i.e. Towlift, Bohl). Limited painting of the shop railings and walkways generates aerosol cans (D001) which are picked up for disposal by Safety Kleen.

Spent fluorescent lamps are managed as universal waste and shipped to Environmental Recycling in Bowling Green, Ohio, where they are recycled. At the time of our inspection, PSI was operating as a conditionally exempt small quantity generator of hazardous waste.

We found the following violation of Ohio's hazardous waste laws:

**1. OAC Rule 3745-279-22(C)(1): Labeling:**

Containers, aboveground tanks, and fill pipes used for underground storage tanks shall be labeled or marked clearly with the words "used oil."

PSI had one 55-gallon drum, two pump station storage tanks, and two totes of used oil in the maintenance area that were not properly labeled "used oil".

At the time of our inspection, PSI properly labeled the 55-gallon drum, storage tanks and totes with the words "used oil".
