JEWETT, OH 43986**Subject: Major and Minor Violations of the Consumer Confidence Report Requirements**

Ohio EPA received the GERMANO WATER AND SEWER PWS Consumer Confidence Report (CCR) for 2006. The CCR was reviewed for the required content. Based on our review, the GERMANO WATER AND SEWER PWS water system is in violation of rules 3745-96-01 through 04 of the Ohio Administrative Code for failure to comply with the CCR requirements. The following violations were noted:

- the Table of Detected Contaminants did not include the residual disinfectant information as required (the chlorine results at the time of bacteriological sample collection);
- some of the data in the Table of Detected Contaminants was not accurate; TTHM, Toluene and Copper
- The CCR was not delivered to consumers by July 1, 2007.

Be sure to correct the violation(s) as appropriate in your next CCR. The next report for calendar year 2007 must be sent to your customers no later than June 30, 2008. A copy of the CCR along with a Certification Form must be submitted to this office no later than July 1, 2008.
