Subject: Major and Minor Violations of the Consumer Confidence Report Requirements

Ohio EPA received the Germano Water and Sewer PWS Consumer Confidence Report (CCR) for 2007. The CCR was reviewed for the required content. Based on our review, the Germano Water and Sewer PWS water system is in violation of rules 3745-96-01 through 04 of the Ohio Administrative Code for failure to comply with the CCR requirements. The following violations were noted:

- the Table of Detected Contaminants did not include the residual disinfectant information as required (the chlorine results at the time of bacteriological sample collection);
- some of the detected data was not reported in the Table of Detected Contaminants; TTHM for 2007 and Copper for 2005. Must back up 5 years to get the most current data.
- The CCR was not provided to customers by June 30, 2008.

Be sure to correct the violation(s) as appropriate in your next CCR. The next report for calendar year 2008 must be sent to your customers no later than June 30, 2009. A copy of the CCR along with a Certification Form must be submitted to this office no later than July 1, 2009.

If you have any questions, please contact me at (740) 380-5275.

Sincerely,

Randy R. Smith
