**Subject: Summary of 2011 Compliance Evaluation**

Dear Mr. Hadley:

On August 10, 2011, I performed an inspection of Hadley Funeral Homes, Inc. located at 1021 Pike Street in Marietta, Ohio. The inspection was conducted to determine the facility's compliance with State and federal air pollution rules and regulations.

While at the facility, I met with Mr. John Hadley. During the visit, I performed a visual inspection of the facility and reviewed required records. The emissions unit associated with the facility was not operating during the inspection.

The facility's permitted emissions unit consists of a 150 pounds per hour human crematorium (emissions unit N001). The emissions unit is permitted under Permit-to-install (PTI) 06-07972 issued December 2, 2005. An operating application was received by our office on October 13, 2005 and is currently pending processing.

Based on my inspection, file review, and reports submitted by Hadley Funeral Homes, Inc., the following violations were observed:

**Failure to conduct incinerator inspection on a semi-annual basis**

Part II – Special Terms and Condition for Specific Emissions Unit, Permit Term B.6 of PTI 06-07972 states that the permittee shall inspect the incinerator semi-annually using preventative maintenance procedures recommended by the equipment manufacturer. Each inspection shall include a written log which documents the findings of the inspection and identifies any needed repairs to the unit. If repairs are needed, the incinerator shall not be operated if the operation would result in any exceedance of the emissions limits detailed in the permit.

Page 2

During the site visit, it was determined that the last incinerator inspection was performed in September, 2010. Documentation of this inspection was reviewed during the site visit. Therefore, the facility has failed to conduct the required incinerator inspection on a semi-annual basis.

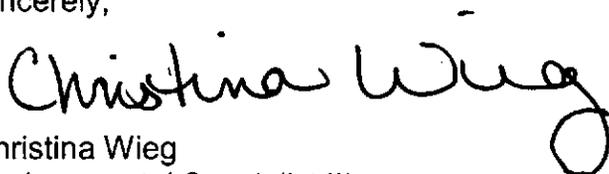

This deviation/violation of the permit terms should be identified in the next deviation report.

**Within 30 days of receipt of this letter, Hadley Funeral Homes, Inc. shall submit a plan and schedule to return the facility to compliance. The plan should include a time line for completing corrective actions and specify the corrective action(s) taken.**

Acceptance by the Ohio EPA of a schedule for compliance does not constitute a waiver of the Ohio EPA's authority to seek civil penalties as provided in section 3704.06 of the Ohio Revised Code. The determination to pursue or decline to pursue such penalties in this case will be made by the Ohio EPA at a later date.

If you are unable to respond to any part of the above request, within the time frame discussed above, please inform us and explain so that we may be of assistance. Should you have any questions, feel free to contact me at (740) 380-5223 or email [christina.wieg@epa.state.oh.us](mailto:christina.wieg@epa.state.oh.us). The assistance provided during the inspection was greatly appreciated.

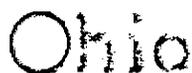

Sincerely,

Christina Wieg

**Subject: Acceptance of LWR Enterprise's submitted compliance plan**

Dear Mr. Hadley:

On August 10, 2011, I performed an inspection of Hadley Funeral Homes, Inc. located in Marietta, Ohio. Based on my inspection, it was determined that the facility had failed to conduct the required semi-annual preventative maintenance inspection on the incinerator (Emissions Unit N001) in a timely manner.

You were informed of this violation in a warning letter from me dated August 12, 2011. In the letter, I requested that you respond within 30 days and provide a plan and schedule to return the facility to compliance.

I received the requested written response from you on August 22, 2011 which included the following actions:

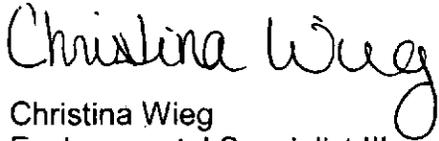

- scheduling of maintenance inspections on a semi-annual basis; and
- modification of recordkeeping form to include the need for semi-annual maintenance inspections.

The Ohio EPA accepts Hadley Funeral Homes plan and schedule as submitted. Acceptance by the Ohio EPA of a schedule for compliance does not constitute a waiver of the Ohio EPA's authority to seek civil penalties as provided in section 3704.6 of the Ohio Revised Code. The determination to pursue or to decline such penalties in this case will be made at a later date.
