Mr. Anthony Dattilo  
Chemical Solvents, Inc.  
3751 Jennings Road  
Cleveland, Ohio 44109

Dear Mr. Dattilo:

Thank you for your December 4, 2012 and January 3, 2013 responses to Ohio EPA's October 26, 2012 Notice of Violation letter. The documentation you submitted included photographs of the totes being used to manage the thin film evaporator's vacuum pump wastewater (hazardous waste), showing they are now properly labeled. You also submitted an inspection form indicating the totes are now being stored in the facility's permitted storage areas and inspected with the other hazardous waste in storage.

My review of this documentation reveals that Chemical Solvents has now abated all violations discovered during the October 26, 2012 inspection as listed below.

| Letter Citation # | Rule Citation   |
