Re: 2013 Conditioned License to Operate a Public Water System

Dear Ms. Rose:

Enclosed is the 2013 license to operate (LTO) a public water system (PWS) for Brookside Village MHP (PWS ID# OH1200112). In accordance with Ohio Revised Code (ORC) § 6109.21 and Ohio Administrative Code (OAC) Rule 3745-84-06, the LTO is hereby issued with conditions due to violations of drinking water regulations at the PWS. In accordance with OAC Rule 3745-84-04, PWSs are required to display the yellow, conditioned license where it is clearly visible to the residents and general public; and to notify the residents of the conditioned status of the license in the consumer confidence report, pursuant to OAC Chapter 3745-96.

The LTO is conditioned through January 30, 2014, with the following actions:

1. All PWS LTO renewal requirements shall be complied with, in accordance with OAC Chapter 3745-84.
2. All current and subsequent chemical monitoring schedules shall be complied with, in accordance with OAC Chapter 3745-81.
3. Total coliform bacteria monitoring requirements, including both routine and repeat sampling, shall be complied with, in accordance with OAC Rule 3745-81-21 and OAC Rule 3745-81-42.
4. An operator of record with a Class 1 or greater certification shall be retained to oversee the technical operation of the PWS and to satisfy staffing requirements, in accordance with OAC Rule 3745-7-02 and OAC Rule 3745-7-03.
5. Chlorine residual shall be monitored, in accordance with OAC Rules 3745-81-70 and 3745-83-01(F)(2).

6. Chlorine residual shall be maintained with a minimum of two-tenths mg/L free chlorine, or one mg/L combined chlorine, but not to exceed 4.0 mg/L (as Cl₂) measured at representative points throughout the distribution system, in accordance with OAC Rules 3745-83-01(C)(1) and 3745-81-10(C).
7. A Monthly Operating Report shall be submitted within the first ten days following the month for which the report was prepared, in accordance with OAC Rule 3745-83-01(H).
8. In accordance with OAC Rule 3745-83-01(H)(4), the owner or operator shall report to the appropriate Ohio Environmental Protection Agency district office as soon as possible, but within twenty-four hours, the discovery of any serious plant or distribution system breakdown or condition causing or likely to cause:
 - a. any discharge of water not in accordance with ORC § 6109 or the rules adopted thereunder;
 - b. any major interruption in service or disinfection; or,
 - c. any hazard for employees, consumers, the public or the environment.

If the requirements of this LTO are fulfilled, the PWS may be eligible for a green, unconditioned license in the next renewal period. Should the PWS fail to comply with these conditions, the LTO may be suspended or revoked. A PWS with a suspended LTO may only operate as authorized by the Director, and a PWS with a revoked LTO is prohibited from producing water for human consumption. Human consumption is defined in OAC Rule 3745-81-01 to include, but is not limited to, drinking, food preparation, dishwashing, and hand washing. Additionally, owners and/or operators who fail to comply with Ohio's safe drinking water laws are subject to civil penalties of up to \$25,000.00 per day per violation under ORC § 6109.33. Operating with a suspended or revoked LTO may jeopardize other licenses, including the mobile home park license.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to ORC § 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Ohio Treasurer Josh Mandel," which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
77 South High Street, 17th Floor
Columbus, OH 43215

If you have any questions regarding this action, please contact Katie Hernandez at (614) 644-2752.

Sincerely,

A handwritten signature in black ink, appearing to read "S. Nally", with a stylized flourish at the end.
