**Subject: Rescinding Violation – TCR**

Dear Mr. Eidam:

Your public water system was issued a notice of violation of Rule 3745-81-21 of the Ohio Administrative Code (OAC) on 12/19/2011 for the monitoring period of Oct-Dec 2011.

During a site visit on December 12, 2012 and per your e-mail sent January 11, 2013, you explained that R&S Well Drilling was hired to perform a 24-hour draw down test and water sampling tests on three water wells on your property located at 7070 Meter Rd. The sampler identified all the samples were taken from PWS ID # OH1039212 when only one of the wells (water front well) serves the public water system. The samples should all have been labeled "Special" not "Routine" as submitted by the lab.

The samples submitted under PWS ID # OH1039212 referring to Dam well (#16842) and old nursing home well (#16844) at 6215 Meter Rd NE have been removed from your records.

The violation has been rescinded and the public notice sent with the notice of violation referenced above does not need to be issued at this time.

If you have any questions, please contact me at 330-963-1237.

Sincerely,

Pamela L. Korenewych  
Environmental Specialist  
Division of Drinking and Ground Waters
