Dear Mr. Thomas:

We spoke on the phone on January 15, 2013, as a follow up to my July 16, 2012 inspection of Tech II Towing & Repair located at 8003 Broadway Avenue, Cleveland, Ohio. As outlined below, you have documented a correction of all the violations that were cited

1. **OAC Rule 3745-279-22(B) - Condition of used oil storage units.**

This was previously corrected.

2. **OAC Rule 3745-279-22(C) - Used oil labels.**

This was previously corrected.

3. **OAC Rule 3745-279-22(D) - Response to releases of used oil.**

On January 15, 2013, you told me that the small amount of used oil contaminated material that was located where the tote used to be had been cleaned up. This documents your correction of this violation.

If you have any questions, please contact me at (330) 963-1217, or robert.almquist@epa.ohio.gov.

Sincerely,

Robert Almquist
