Subject: Notice of Violation and Return to Compliance
OHD 045 243 706 / 03-48-0092
RCRA Hazardous Waste / Lucas County

Dear Mr. Humphrey

On January 2, 2007, Ohio EPA received from Envirosafe Services of Ohio, Inc. (ESOI) the *Preliminary Report of Groundwater Quality – October 2006 Sampling Event*. Ohio EPA does not have any comments regarding the report at this time. While reviewing the report Ohio EPA also evaluated ESOI's compliance with Permit Condition K.1(c).

Permit Condition K.1(c): ESOI is in violation of Permit Condition K.1(c) requiring ESOI to submit well construction details to the director and Ohio EPA, Northwest District Office, within 30 days from the date a well is added to the ground water monitoring well network. Permit Condition K.1(a)(i) required ESOI to install two bedrock ground water monitoring wells in accordance with the requirements of Permit Conditions K.1(c) and (e).

ESOI installed wells R-23 and R-24 from July 12, 2006 through July 27, 2006. In accordance with the requirements of Permit Condition K.1(c) the well construction details (well construction logs) were required to be submitted no later than August 26, 2006.

ESOI submitted the well logs in the *Final Report of Ground Water Quality* for the October 2006 sampling event on March 1, 2007. Therefore, ESOI has returned to compliance.

Mr. Kenneth Humphrey
