Dear Mr. Laman:

Thank you for your December 18, 2012, response to Ohio EPA's, December 7, 2012, Notice of Violation (NOV) letter. You submitted documentation including photographs of a universal waste lamps container, a photograph of three closed and labeled hazardous waste drums and a description of your universal waste management procedures.

My review of this documentation reveals that Krendl Rack Co., Inc. has adequately demonstrated abatement of all five violations on December 18, 2012, including:

1. **Waste Evaluation - Burn-off Plastisol**
OAC Rule 3745-52-11
2. **Container Labeling**
OAC Rule 3745-52-34(D)(4)
3. **Container Accumulation Date**
OAC Rule 3745-52-34(D)(4)
4. **Management of Containers**
OAC Rule 3745-66-73(A)
5. **Waste Evaluation – Waste Lamps**
OAC Rule 3745-52-11

These violations were discovered during my November 28, 2012, inspection.

Please note, however, that universal waste lamps must be labeled with one of three phrases: "Universal Waste – Lamp(s)", "Waste Lamps", or "Used Lamps". Please make the appropriate changes to your containers.

If you have any questions, please feel free to call me at (419) 373-3074.

Sincerely,

Don North
District Representative
Division of Materials and Waste Management
