**Re: Belmont County**  
Village of Powhatan Point  
Self-Monitoring Report Violations  
Ohio EPA Permit No. OPB00033\*ED  
Correspondence (PWW)

Mayor and Council  
Village of Powhatan Point  
104 Mellott Street  
Powhatan Point, Ohio 43942

Dear Mayor and Council Members:

We have received your self-monitoring reports covering the months of January through December 2007 for the referenced facility. Our review indicates violations of the conditions of your NPDES permit. The specific instances of noncompliance and/or deficiencies are as follows:

Outfall	Parameter	Type	Units	Permit Limit	Reported	Date
<b>March 2007</b>						
001	pH	1D Conc	S.U.	9.0	9.1	3/13/2007
<b>May 2007</b>						
001	Chlorine	1D Conc	mg/L	0.038	0.2	5/15/2007
<b>September 2007</b>						
001	Fecal Coliform	7D Conc	#/100mL	400	686	9/22/2007
<b>December 2007</b>						
001	Fecal Coliform	7D Conc	#/100mL	2000	2668	12/8/2007

- NOTES:** 1D Conc = Daily Average Concentration Value  
1D Qty = Daily Average Loading Value  
7D Conc = Weekly Average Concentration Value  
7D Qty = Weekly Average Loading Value  
30D Conc = Monthly Average Concentration Value  
30D Qty = Monthly Average Loading Value

Please be advised that failure to comply with the effluent limitations or to satisfy the monitoring or reporting requirements of your NPDES permit may be cause for enforcement action pursuant to the Ohio Revised Code Chapter 6111.

Failure to report violations of the effluent limitations is also a violation of your NPDES permit. Please review Part 3 of the NPDES permit for reporting requirements.

Please inform this office, in writing, within ten days of receipt of this notification as to the reasons for the above referenced violations, as well as a description of the actions taken or proposed to prevent any further violations. Your response should include dates, either actual or proposed, for completion of the actions.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. For more information about pollution prevention, including fact sheets and U.S. EPA's Facility Pollution Prevention Guide, (EPA/600/R-92/088), you may contact the Ohio EPA Pollution Prevention Section at (614) 644-3469 or me for additional information.

If there are any questions, please contact me at (740) 380-5284.

Sincerely,

Ms. Abbot Stevenson  
Environmental Engineer  
Permits and Enforcement Section  
Division of Surface Water
