Mr. Chris Miller
General Chemical
1661 Campbell Street
Toledo, Ohio 43607

Dear Mr. Miller:

Thank you for your September 25, 2009, submittal regarding the management of fluorescent bulbs and lamps at General Chemical in Toledo, Ohio. This submittal was in response to your September 1, 2009, Notice of Violation letter. You provided me with a bill of lading showing that the bulbs and batteries were recycled by Environmental Recycling in Bowling Green, Ohio on September 21, 2009. You also stated that you have provided training to those involved with the management of universal waste. With this information, all violations cited during Ohio EPA's September 1, 2009, compliance evaluation inspection are considered abated.

You can find copies of rules, recycling lists, fact sheets and other information on the division's web page at <http://www.epa.ohio.gov/dhwm>. Ohio EPA also has helpful information about pollution prevention at the following web address: <http://www.epa.ohio.gov/ocapp>.

If you have any questions, please contact me at (419)373-3114.

Sincerely,

Wendy Miller
Division of Hazardous Waste Management
