Mr. Mark Nowacki, Fixed Operations Manager  
Grogan's Towne Chrysler Dodge  
6100 North Telegraph Road  
Toledo, Ohio 43612

Dear Mr. Nowacki:

Thank you for your undated response to Ohio EPA's March 12, 2009, Notice of Violation letter. Your response was received by Ohio EPA on April 14, 2009. The documentation you submitted included documentation demonstrating that you are managing your spent mercury containing lamps (lamps) as universal waste and a photograph demonstrating that the spent lamps are being accumulated in a closed and properly marked container.

My review of this documentation reveals that Grogan's Towne Chrysler Dodge has now abated all violations discovered during the February 26, 2009, inspection as listed below.
