Dear Mr. Heier:

This is in reference to the Norton Environmental submittal of inspection reports for the closed Royalton Road Landfill. Please note that the Ohio Administrative Code (OAC) Rule 3745-27-14(A)(4) requires the owner/operator of a closed landfill to submit post-closure care inspection reports to Ohio EPA no later than fifteen days after the inspection date.

Ohio EPA has not received the third quarter post-closure care inspection reports for 2012. In order to comply with OAC Rule 3745-27-14(A)(4), please submit all future quarterly inspection reports no later than fifteen days after the inspection date.

Please submit a response within 14 days of receipt of this letter, indicating how the facility has returned to compliance with the OAC Rule 3745-27-14(A)(4).

Nothing in this letter shall be construed to authorize any waiver from the requirements of any applicable state or federal laws or regulations. This letter shall not be interpreted to release the Entity from responsibility under Chapters 3704, 3714, 3734, or 6111 of the Ohio Revised Code or under the Federal Clean Water or Comprehensive Environmental Response, Compensation, and Liability Acts for remedying conditions resulting from any release of contaminants to the environment.
