Dear Mr. Gilley:

Thank you for your December 1, 2010, email response to my November 26, 2010, Notice of Violation letter. In your response, you stated that you will be recycling universal waste lamps through Gross Electric. Gross Electric transports the universal waste to Environmental Recycling in Bowling Green, Ohio.

Below you will find a summary of the violations cited during our November 9, 2010, inspection and their current status:

1. Waste Evaluation, OAC Rule 3745-52-11:

On December 1, 2010, I received information from you stating that fluorescent lamps will be managed as universal waste and recycled in the future by Gross Electric. **Therefore, this violation is considered abated.**

2. Labeling, OAC Rule 3745-279-22(C)(1):

At the time of my inspection, Mytee properly labeled a tank and three containers with the words "Used Oil". **Therefore, this violation is considered abated.**

Mytee Discount Auto Care has abated all violations cited during Ohio EPA's November 9, 2010, hazardous waste compliance evaluation inspection.

Should you have any questions or if I can be of assistance, please contact me at (419) 373-3114.

Sincerely,

Wendy Miller
