Mr. Terry Comstock, Water Supt.
Woodsfield WTP
221 South Main Street
Woodsfield, Ohio 43793

Dear Mr. Comstock:

On June 7, 2007, I conducted a Compliance Evaluation Inspection at the Woodsfield WTP. I was accompanied by Dan Harrelson; Operator; Mark Harrelson; Operator; and yourself.

The Village of Woodsfield has continued to discharge carbon/lime sludge from the settling tanks and filter backwash water into Sunfish Creek. This has been a normal operating procedure for the village since 1977. These discharges regularly violate the effluent limits contained in the NPDES permit.

Because of the severity of the violations and the length of time that they have occurred, our office is preparing to take formal enforcement action against the village. The action would require the village to install appropriate pollution control equipment and may require the payment of significant monetary penalties.

Please respond with this office by July 13, 2007.

If you have any comments or questions, please feel free to call me at (740) 380-5227.

Sincerely,

Scott Foster
