Mr. Darrin Carpenter, Village Administrator
Village of Malta
P.O. Box 307
Malta, Ohio 43758

Dear Mr. Carpenter:

On September 23, 2008, I conducted a compliance evaluation inspection at your village to check the villages' compliance with their NPDES permit. I was accompanied by Craig Van Ness, Operator and you on a tour of the collection system. We also spoke with Linda Nichols concerning the monthly reporting procedures for the village.

The Village of Malta has nearly completed the design phase of their sewer separation project to comply with their NPDES permit and their recently approved Long Term Control Plan. I spoke with one of the villages' engineers, Bob Jablonski, by telephone during the inspection and he informed me that they hoped to complete design work and have the project bid for an April 2009 construction start date.

Malta's line from their sewage lift station to McConnelsville's 4th Street lift station has been cleaned and the wet well at the Malta Lift Station has also been cleaned. Please find attached a copy of the inspection report.

If you have any questions or comments, please feel free to call me at (740) 380-5227.

Sincerely,

Scott Foster
