Dear Mr. Spurlock:

I am writing as a follow-up to a conversation I had with you recently regarding the illegal disposal of waste material and illegal open burning of this material on your property on Township Road 739. I conducted my initial complaint investigation of this location on December 18, 2012. At this time, I observed a significant amount of construction & demolition debris (CDD) and solid waste at your property. I was accompanied by Mark Mansfield of the Ohio EPA Southeast District Office.

The following violations of Ohio law were observed at your property:

**OAC Rule 3745-27-05 (C)** - No person shall conduct, permit, or allow open dumping. In the event that open dumping is occurring or has occurred at a property, the person(s) responsible for the open dumping, the owner of the property, or the person(s) who allow or allowed open dumping to occur, shall promptly remove and dispose or otherwise manage the solid waste in accordance with Chapter 3734 of the Revised Code, and shall submit verification that the solid waste has been properly managed.

**ORC 3734.03** - No person shall dispose of solid wastes by open dumping or open burning.

**OAC Rule 3745-400-04 (B)** - No person shall conduct or allow illegal disposal of construction and demolition debris, as defined in rule 3745-400-01 of the Administrative Code.

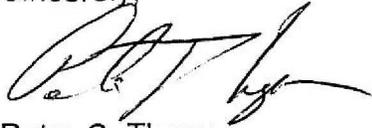

I encourage you to take immediate action to address all violations at this location to avoid escalated enforcement in the Lawrence County court system. Additional action
