Mr. George Waliga  
Buckeye Parks  
202 East Summit St.  
Kent, OH 44240

Dear Mr. Waliga:

This letter is notification that Blackbrook Valley Estates public water system is in violation of Ohio Administrative Code (OAC) Rule 3745-83-01, specifically (F)(5)(b)&(6)(b), for failure to monitor for iron and manganese at least weekly at a certified laboratory and report the results on the required Monthly Operating Report (MOR).

You were notified of this requirement in correspondence dated May 3, 2010 relating to the results of a sanitary survey conducted on April 19, 2010. In addition, all operational requirements have now been specifically detailed in OAC Rule 3745-83-01 and became effective on April 19, 2012.

To avoid further enforcement actions, iron and manganese must be analyzed as required by OAC Rule 3745-83-01 and reported on the Monthly Operating Report as required.

If you have any questions, please contact me directly at (330) 963-1235.

Respectfully,

A handwritten signature in cursive script that reads 'Leslie Otten'.
