Dear Ms. Abele:

On July 31, 2008, I conducted a compliance evaluation inspection for the Blue Rock State Park wastewater treatment facility. I was accompanied by Phil Webb and Joe May, Ohio EPA Interns; Greg Masterson, Treatment Plant Operations Manager, ODNR and you.

The flow meter had not been calibrated for a few years and should be calibrated at least yearly. Regular maintenance should be provided to all equipment in the plant. You should consult the manufacturers specifications for calibration frequencies. Without proper calibration, this could lead to erroneous readings being reported on your monthly DMR.

Please provide a response within 30 days of receipt of this letter. An inspection report is attached.

If you have any additional comments or questions, please feel free to call at (740) 380-5227.

Sincerely,

Scott Foster
