Dear Mr. Shook:

On November 15, 2007, I conducted a Compliance Evaluation Inspection for the wastewater facilities at 2250 Creedmor Drive and 1260 Dietz Lane for AAA rentals of Zanesville Ltd. The following are comments from the inspection:

2250 Creedmor Drive

1. The sand filters had not been switched in a while and needed cleaning. The bed online appeared to be clogged.
2. Sludge wasting had not been performed in some time. The sludge was very dark and had an odor to it.

1260 Dietz Lane

1. Both sand filters need cleaning.
2. The wall in between the sand filters needs repaired. It was cracked and appeared to be crumbling.
3. The weir in the tank had lots of growth on it and hadn't been cleaned in a while.
4. The sludge in the tank was very dark and had white foam on it. This is an indication of too much air and that the sludge is old and should be wasted.

Because of the above mentioned problems, I rated several areas as marginal on the attached report.

Please respond within 30 days of receipt of this letter.

If you have any additional questions or comments, please feel free to call me at (740) 380-5227.

Sincerely,
