Re: Tuscarawas County
Eagle Auto Truck Plaza WWTP
NPDES Permit Renewal
Correspondence (PWW)

Ms. Linda Christmas, Manager
Eagle Auto Truck Plaza, Ltd.
217 16th Street SW
New Philadelphia, Ohio 44663

Dear Ms. Christmas:

A review of your facility file reveals that your National Pollutant Discharge Elimination System (NPDES) Permit will expire on February 28, 2007. In a letter dated April 28, 2006, Ohio EPA notified you of the expiration date and the need to submit a renewal application. Forms 1, 2E and 2S were included with the letter. Your renewal application was to be submitted no later than August 28, 2006. To date we have not received your renewal application.

On January 11, 2006, I contacted the City of New Philadelphia to determine if you had connected your wastewater treatment plant to the new sanitary sewer which is located in front of your property. I understand you have not approached the city to date nor made application for connection to the sanitary sewer.

We will expect the renewal application to be submitted without further delay. In addition, it will be necessary for you to submit a formal schedule to Ohio EPA with the date the application for connection to the sanitary sewer will be submitted to the city, when the sanitary sewer lateral will be constructed, when the connection to the main sanitary sewer line will be made, when the wastewater treatment plant will be pumped out and lastly when the wastewater treatment plant will be properly abandoned. We will expect the aforementioned information no later than February 1, 2007.

Please submit a written response to the aforementioned comments within **10 days** of receipt of this letter. If you should have any questions, please contact me at (740) 380-5206.

Sincerely,

Jennifer M. Witte
Chemical Engineer - Environmental Specialist II
