Re: Tuscarawas County
BP Company – Newcomerstown
Compliance Evaluation Inspection
Correspondence (IWW)

Mr. Frank Marsek, Environmental Specialist
BP Oil Company
4850 East 49th Street
Cuyahoga Heights, Ohio 44125

Dear Mr. Marsek:

On April 8, 2008, I conducted a compliance evaluation inspection at the Newcomerstown Bulk Plant. The purpose of the inspection was to determine compliance with the terms and conditions of National Pollutant Discharge Elimination System (NPDES) permit 01N00230*BD and to prepare for your permit renewal. Ms. Rachel Bricker was present during the evaluation.

This facility receives refined petroleum products by transport truck from a BP owned terminal. The products are stored in aboveground or underground storage tanks and are distributed to consumers by smaller tank trucks. Storm water runoff from the loading rack area is diverted into a drain which connects with a pipe from the secondary containment storage area. The combined storm water flow is sent to an 8,000 gallon oil/water separator for treatment. Treated storm water is discharged from outfall 001 at a controlled rate. Oil removed in the oil/water separator is drummed off and hauled off-site for disposal.

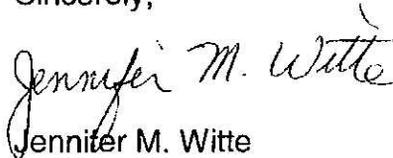

As a result, I have the following comments:

1. A conscious effort to collect samples of the discharge has been not been made during the life of the existing permit. Please be advised that samples must be collected if a discharge occurs during the monitoring period.
2. Your NPDES permit expired on March 31, 2007. Ohio EPA received your renewal application on April 27, 2007. Your new permit became effective on August 1, 2008 and will expire on July 31, 2013. Please review the new permit and become familiar with the requirements within.

3. Discharge Monitoring Reports (DMR's) are to be submitted no later than the 20th day of each month. Failure to submit your DMR by the required date is a violation of Part III, Item 4 – Reporting.

If you should have any questions, please feel free to contact me at (740) 380-5206.

Sincerely,

Jennifer M. Witte
