Dear Mr. Nuss:

The Ohio Environmental Protection Agency (Ohio EPA) Northeast District Office (NEDO) Division of Materials and Waste Management (DMWM) has completed a review of the 2012 annual operational report for the Stericycle, Inc. waste incinerator located in Warren, Trumbull County. The report was received at Ohio EPA NEDO on February 19, 2013.

Ohio EPA has identified the following violations of Ohio Administrative Code (OAC) because the 2012 annual report did not include the following:

- OAC Rule 3745-27-52(BB)(3)(a): "A summary of any maintenance performed on the leachate control system or any other monitoring and control system installed at the facility."
- OAC Rule 3745-27-52(BB)(3)(b): "The most recent final closure cost estimate, as specified in paragraph (AA)(4) of this rule."

Please revise the 2012 annual report to include the required information.

Nothing in this letter shall be construed to authorize any waiver from the requirements of any applicable state or federal laws or regulations. This letter shall not be interpreted to release the Entity from responsibility under Chapters 3704, 3714, 3734, or 6111 of the Ohio Revised Code or under the Federal Clean Water or Comprehensive Environmental Response, Compensation, and Liability Acts for remedying conditions resulting from any release of contaminants to the environment.
