Mr. Nick Hasan
NZR Retail of Toledo, Inc.
4820 Monroe Street
Toledo, Ohio 43623

Dear Mr. Hasan:

Thank you for your November 29, December 4 and December 11, 2012, responses to Ohio EPA's September 17, 2012, Notice of Violation (NOV) letter. You submitted documentation including a copy of the hazardous waste manifest for the waste tetrachloroethylene, a copy of the shipping paper for the universal waste lamps, photographs of the labeled hazardous waste drum and a photograph of the container of universal waste lamps.

You submitted a copy of hazardous waste manifest number 010306755 JJK documenting that one 55-gallon drum of spent tetrachloroethylene (F002) was shipped on November 29, 2012, to EQ Detroit, Inc. (MID980991566) in Detroit, Michigan. The waste in the four containers at 4111 Monroe Street in Toledo, Ohio, was consolidated into one 55-gallon drum. This was confirmed by Joe Rader of Rader Environmental Services Inc. You also submitted a copy of the shipping paper that demonstrates that the universal waste lamps were shipped to Environmental Recycling in Bowling Green, Ohio, on November 29, 2012.

My review of this documentation and the photographs reveals that NZR Retail of Toledo, Inc. (NZR) has adequately demonstrated abatement of the following violations on December 11, 2012:

1. **Waste Evaluation**
OAC Rule 3745-52-11
2. **Container Accumulation Date**
OAC Rule 3745-52-34(A)(2)
3. **Container Labeling**
OAC Rule 3745-52-34(A)(3)
4. **Waste Evaluation**
OAC Rule 3745-52-11

The violations were discovered during my September 6, 2012, investigation.

However, please be aware that even though NZR may not generate waste at properties that it owns and leases, it can be responsible for promptly and properly evaluating and disposing of waste that may be abandoned on its properties. NZR's failure to do this may result in an enforcement action with a penalty by the Ohio EPA or the Ohio Attorney General.

If you have any questions, please feel free to call me at 419-373-3074.

Sincerely,

Don North
District Representative
Division of Materials and Waste Management
