RE: WAYNE COUNTY
WHISPERING PINES ESTATES MHP
106 WADSWORTH RD., ORRVILLE
COMMUNITY WATER SYSTEM
PWS ID # OH8502912
STU # 8559610

Mr. Joe Lamonica
Whispering Pines Estates MHP
6658 Palmer St. NW
Canton, OH 44718

Dear Mr. Lamonica:

Monthly Operating Reports (MORs) are provided as a means to relay compliance information about the operation of the water treatment plant. Operational monitoring is conducted throughout the month to test the treatment effectiveness of the water plant. Since Whispering Pines Estates treats its water by potassium permanganate injection for softening (hardness removal), and chlorine injection (disinfection), you are required to conduct monitoring for hardness and chlorine residual.

Please note the following violation:

In accordance with Ohio Administrative Code (OAC) 3745-83-01(I)(2), MORs must be submitted to this office no later than the tenth of the month following the month for which the report was prepared.

We do not have the plant-distribution MOR for the month of May 2009. Additionally, we still do not have the plant-distribution MOR for the month of April 2009.

Please submit copies of these forms within 10 days of this letter date. If you have any questions regarding this correspondence, or if you need any assistance, please contact me at (330) 963-1194 or at my e-mail address, beth.madis@epa.state.oh.us.

Sincerely,

Beth R. Madis
Environmental Specialist
Division of Drinking and Ground Waters
