RTC

June 10, 2008

Mr. Rick Rupert
ProTec Coating Company
5000 County Road 5
Leipsic, Ohio 45856-9234

Dear Mr. Rupert:

Thank you for your April 23, 2008, response to my Notice of Violation (NOV) letter dated April 8, 2008. Your response included manifest documentation that universal waste – mercury switches were shipped on April 17, 2008, to Vexor Technology for recycling. You also submitted procedures which will be used at your facility to ensure that universal waste is not on site greater than 365 days. With this information, ProTec has abated all violations noted during our March 25, 2008, compliance evaluation inspection, as listed below.

- 1) **Universal Waste Batteries, Labeling, OAC Rule 3745-273-14(A)**
- 2) **Universal Waste Mercury Switches, Storage, OAC 3745-273-15(A)**
- 3) **Weekly Container Inspections, OAC rule 3745-66-74**
- 4) **Used Oil Labeling, OAC Rule 3745-279-22(C)(1)**

If you have any questions, please contact me at 419-373-3114.

Sincerely,

Wendy Miller

Division of Hazardous Waste Management
