To whom it may concern:

This letter is notification that the Pheasant Run Association public water system is in violation of Ohio Administrative Code (OAC) Rule 3745-83-01 for failure to monitor free or combined chlorine every day that water was available to the public.

This violation of the OAC is based upon information submitted by the Pheasant Run Association PWS as reported on Monthly Operating Report (MOR) #5002 for December 2012. Results reported on the form indicated 10 days where the chlorine residual in the distribution system was not monitored.

If you have any questions, please contact me directly at (330) 963-1202.

Respectfully,
