CERTIFIED MAIL

Ms. Landa Page
Page Excavating, Inc.
2398 Applegate Road
Lucas, Ohio 44843

Dear Ms. Page:

Page Excavating, Inc. was issued a Notice of Violation (NOV), on January 7, 2013, for deviating from the described work practices provided in the notification of demolition, removing RACM (broken up plaster) without adequately wetting, failing to maintain RACM adequately wet prior to disposal, and not posting and/or having evidence of required training available at the site for inspection on the date of inspection.

Page Excavating was to inform Ohio EPA of the date that work would resume and what measures had been taken to correct the violations and submit a revised notification of demolition describing accurately work practices, and engineering controls being used to comply with Ohio EPA regulations.

As of January 9, 2013, through submittal of a response indicating proper work practices and a revised notification, Page Excavating, Inc. has returned to compliance.

Please be advised that this letter does not constitute a waiver of the Ohio EPA's authority to seek civil penalties pursuant to Ohio Revised Code section 3704.06. The Ohio EPA will make a decision on whether to pursue or decline to pursue such penalties regarding this matter at a later date. If you have any questions, please feel free to contact me at (419) 373-3058.

Sincerely,

A handwritten signature in black ink, appearing to read "Josh Clifton".
