Bolivar, OH 44612

We have reviewed your Total Chlorine Residual Quarterly Operating Report covering the time period of January, February and March 2007 and have noted the following deficiencies:

- On the Total Chlorine Report, report the total chlorine sample results taken on the day and at the same location you collect your routine total coliform samples only.

Please take prompt action to correct these reporting deficiencies in your next operational reports.

If you have any questions, please contact me at (740) 380-5275.

Sincerely,

Randy R. Smith  
Environmental Specialist  
Division of Drinking and Ground Waters
