GNADENHUTTEN, OH 44629

Subject: Minor Violation of the Consumer Confidence Report Requirements

Ohio EPA received the Village of GNADENHUTTEN'S Consumer Confidence Report (CCR) for 2006. The CCR was reviewed for the required content. Based on our review, the Village of GNADENHUTTEN's water system is in violation of rules 3745-96-01 through 04 of the Ohio Administrative Code for failure to comply with the CCR requirements. The following violations were noted:

- the Table of Detected Contaminants did not include the residual disinfectant information as required (the chlorine results at the time of bacteriological sample collection);
- some of the data in the Table of Detected Contaminants was not accurate; TTHM, Chromium 04, Fluoride 04 and the range for lead and copper was not included
- With the exception of lead, no detected chemicals should not be included the table of detected contaminants.

Be sure to correct the violation(s) as appropriate in your next CCR. The next report for calendar year 2007 must be sent to your customers no later than June 30, 2008. A copy of the CCR along with a Certification Form must be submitted to this office no later than July 1, 2008.

If you have any questions, please contact me at (740) 380-5275.

Sincerely,

Randy R. Smith
