Mr. David Burroughs  
Environmental Specialist  
Ohio EPA  
P.O. Box 1049  
Columbus, OH 43216

RECEIVED  
NOV 12 2010  
OHIO EPA/CDO

Dear Mr. Burroughs:

We received your letter of notification on our violation on November 3, 2010. We have taken the following steps of correction:

1. We have ceased our burning of construction material and any other waste.
2. We have added and placed containers from a refuse company in the shop area. All refuse and trash are put in these containers for pick up each week.
3. We have identified some local sources who are interested in picking up and using our lumber cut offs and sawdust, and recycling it for other uses, such as mulch or horse bedding.
4. We are offering lumber cut offs to local residents who use them as kindling or in wood burning stoves.
5. We have read the "Open Burning Standards" pamphlet you left with us and have posted burning rules in the shop and office.

We have burned our lumber cut offs in the past, with the knowledge and okay from local fire authorities. We have discontinued this practice.

Please let me know if there is anything else we need to do in order to be in compliance with the EPA regulations.

Thank you,

Bill Walker
