April 19, 2013

Ron Bird, Executive Vice President
Buckingham Coal Company
P.O. Box 400
Corning, Ohio 43730

Dear Mr. Bird:

The Underground Injection Control (UIC) Section of Ohio EPA's Division of Drinking and Ground Waters (DDAGW) received Buckingham Coal Company's monthly/quarterly operating report for March 2013 submitted on April 17, 2013.

The monthly/quarterly operating report is not in compliance with the monitoring requirements of Buckingham Coal Company's Class V UIC permit: UIC 05-05-05-PTO-V Part II(E)(2)(c) because no values were reported for total oxygen in any of the four monitoring wells. Please ensure that subsequent monitoring reports include analyses for all required parameters.

If you have any questions concerning this letter, please contact me at (614) 644-2752.

Sincerely,

A handwritten signature in blue ink that reads "Valerie J. Orr".

Valerie J. Orr
Class V Coordinator
UIC Program
Division of Drinking and Ground Waters
