Dear Ms. Raiber:

Thank you for your January 18, 2013 response to my December 26, 2012 notice of violation letter regarding our hazardous waste inspection at your Lorain plant. The documentation submitted included a photo of your drum containing broken universal waste lamps, a description of the training recently given to your employees with a sign-in sheet and a certificate of completion for an online training course that you took. A review of this material reveals that Republic Steel has abated all violations discovered during our December 10th and 11th, 2012 inspection.

If you have any questions concerning this letter, please contact me by telephone at (330) 963-1226 or by e-mail at sherry.slone@epa.ohio.gov.

Sincerely,

Sheryl K. Slone, P.E.
District Engineer
Division of Materials and Waste Management
