Dear Mr. Grindley:

This letter acknowledges receipt of e-mail correspondence from Daniel Cueno of your staff dated April 24, 2013 responding to Ohio EPA's Notice of Violation (NOV) letter dated April 16, 2013.

The documentation provided by this correspondence included the results of a TCLP analysis of used anti-freeze. My review of that documentation and actions taken by Cleveland State University prior to issuance of the April 16, 2013 NOV letter indicates that Cleveland State University has adequately demonstrated abatement of the all violations identified during the March 21, 2013 inspection and cited in my letter of April 16, 2013, specifically:

Violations for ID number OHR000167098
