**RE: ADVANCED AUTO GLASS, INC.
NON-GENERATOR
OHD 987 015 039
STARK COUNTY
NOV**

Mr. Steve Dieble
Advanced Auto Glass
1625 Portage Street, NW
N. Canton, Ohio 44720

Dear Mr. Dieble:

Thank you for accompanying me during Ohio EPA's April 25, 2013 inspection of Advanced Auto Glass in N. Canton, Ohio. I inspected Advanced Auto Glass to determine its compliance with Ohio's hazardous waste laws as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC). My inspection included a review of company operations and written documentation.

Advanced Auto Glass is a retailer and servicer of automobiles glass, principally vehicle windows and windshields. Some solid waste (metal and glass) is generated at the facility along with occasional universal waste fluorescent lamps. You indicated that the spent lamps are being disposed of with the facility's solid waste. No other hazardous waste is currently generated by the facility.

The following violation of Ohio's hazardous waste rules was found during the inspection:

1. OAC 3745-52-11, Waste Evaluation:

Any person who generates a waste must evaluate the waste to determine if the waste is a hazardous waste in accordance with the criteria set forth in OAC Chapter 3745-51. Advanced Auto Glass violated this regulation by disposing of spent lamps (primarily fluorescent lamps) as solid waste without determining whether or not the lamps were a hazardous waste. The spent fluorescent lamps contain mercury or other hazardous metals and may therefore be a hazardous waste. As an alternative to determining whether your particular waste lamps are hazardous waste, you may wish to manage them as Universal Waste. In general, this would involve saving the waste lamps in a properly labeled ("used lamps" and date accumulation began) and closed container (such as a cardboard box) and having them recycled by a lamp

recycler. Please be advised, however, that universal wastes may be accumulated at the property for no longer than one year.

To abate this violation, submit documentation indicating how Advanced Auto Glass will manage the spent lamps in compliance with Ohio's hazardous and/or universal waste regulations.

If you have further questions, please feel free to call me at (330) 963-1231. You can also find copies of the rules and other information on the Division of Materials and Waste Management's web page at: <http://www.epa.state.oh.us/dhwm/>.

Sincerely,

Tom Roth
District Representative

 Non-profit Institute that is owned by or has a formal written affiliation agreement with a college or university

Waste Codes for Federally Regulated Hazardous Wastes. Please list the codes for the federally regulated hazardous waste handled at the site. List them in the order they are presented in the regulations (e.g., D001, D003, F007, U112). Use an additional page or list them in the comments if more space is needed. If the waste codes are the same as listed in the most recent RCRAInfo source record, you do not need to list them. Instead just indicate the date of the most recent source record.

COMMENTS: USE THIS AREA TO DESCRIBE WHETHER THE INSPECTION WAS ANNOUNCED, WHETHER THE WASTE IS STORED IN TANKS OR CONTAINERS, ETC.
