Dear Mr. Rowe:

Thank you for your April 30, 2009, response to Ohio EPA's February 13, 2009, Notice of Violation letter. On April 30, 2009, you contacted me to indicate that Whiteford Kenworth will no longer allow Safety Kleen to mix the distilled oily sludge from your parts washer into your used oil. Safety Kleen will now remove the sludge from your facility when they service your parts washer and manage the sludge as hazardous waste. Therefore, Whiteford Kenworth has now abated all violations discovered during the February 2, 2009, inspection as listed below.
