Dear Mr. Hess:

Thanks for the email response from Matthew Yoak on 12/21/2012 to Ohio EPA's 12/6/12 Notice of Violation letter. Kaiser Aluminum Fabricated Products has demonstrated that containers of hazardous waste and universal waste lamps have been properly closed, and containers of used oil and universal waste lamps are now properly marked. Violations discovered during my September 19, 2012 inspection are considered abated:

#	Rule Cited
1.	OAC rule 3745-52-34(C)(1)(a), Open Hazardous Waste Container
2.	(was previously corrected)
3.	OAC rule 3745-279-22(C), Used Oil Container marking
4.	OAC rule 3745-273-13(D)(1), Closed, Compatible Universal Waste Lamp Containers
5.	OAC rule 3745-273-14(E), Universal Waste Lamp Container marking

We appreciate your prompt follow-up, as well as the expected continued efforts toward compliance. If you have any questions about this letter, do not hesitate to contact me by phone at (614) 728-3885.

Sincerely,

J. David Hohmann
