SUBJECT: Overdue Deviation Reports

Dear Mr. Ruggiero:

After reviewing Mar-Zane and S&S Aggregate files, the following discrepancies have been noted in your submittal of reports:

Mar-Zane #12- 0660000080

No semi-annual deviation reports from the 2nd quarter 2006 to present have been submitted for this facility. Permit to Install (PTI) 06-08151 requires semi-annual reports of all visible particulate emissions from the stack, rotary drum, hot aggregate elevator and from any other area of the plant be reported along with any corrective actions completed to address the visible emissions. In addition, no annual burner tuning report was submitted to Ohio EPA as required by the above mentioned PTI.

Mar-Zane #17- 0660010225

Quarterly reports received for this facility for the 1st and 2nd quarters of 2005 did not identify whether or not deviations from the emissions limitation occurred during the reporting period. In addition, no 3rd quarter of 2005 deviation report or the annual burner tuning report required in PTI 06-07753 were received.

S&S Aggregate Finlay Plant # 3- 0660950008

No reports for the 1st, 2nd, and 3rd quarters of 2006, and the 1st quarter of 2007 were received for this facility.
