Dear Mr. Featheringill:

This office received a complaint on June 5, 2013, concerning open burning being conducted at Roeder's Racing, LLC, in Monroeville, Ohio. My investigation, conducted on June 7, 2013, shows wastes from your on-site concessions operations including, at least, paper products, cardboard products, food wastes and aluminum cans, was burned for disposal purposes, which is not permitted. This occurred in an unrestricted area.

Based on these findings, there is sufficient evidence to determine that illegal open burning did occur and the complaint is justified. This is a violation of both Ohio Administrative Code (OAC) rule 3745-19-04(A) and Ohio Revised Code (ORC) 3704.05.

Because the fire has been extinguished, you are no longer in violation and the property is considered to have returned to compliance with the above cited violations.

A copy of the OAC rules pertaining to open burning has been enclosed for your review. To be clear, no wastes from your commercial business can be burned for disposal on any property in Ohio. Please provide a written response acknowledging your receipt of this letter and your understanding of the rules. If you do not understand the rules please contact this office for additional explanation before responding. Your response is requested no later than June 28, 2013.

Please note that the submission of the requested information to respond to this letter does not constitute waiver of the Ohio EPA's authority to seek civil penalties as provided in Section 3704.06 of the Ohio Revised Code. Ohio EPA will determine later whether to pursue such penalties in this case. The decision on whether to pursue or decline to pursue such penalties regarding this matter is dependent on several factors, one of which is your future compliance with applicable Ohio EPA requirements.
