Re: Sandusky County  
Open Burning Complaint  
Notice of Violation (NOV) &  
Return to Compliance (RTC)

April 25, 2013

**CERTIFIED MAIL**

Ms. Tawny Hill  
Tenant  
1380 County Road 268  
Vickery, Ohio 43464

Dear Ms. Hill:

This office received a complaint on April 17, 2013, concerning open burning being conducted on your property. My investigation, conducted on April 23, 2013, shows the following materials were burned for disposal purposes within 1000' of adjacent residences in an unrestricted area: cardboard products; a mattress; a box spring, and; aluminum cans. There was also evidence of shingles, believed to have originated from the garage on site, having been burned in the past.

Based on these findings, there is sufficient evidence to determine that illegal open burning did occur and the complaint is justified. This is a violation of both Ohio Administrative Code (OAC) rule 3745-19-04(A) and Ohio Revised Code (ORC) 3704.05.

Because the fire has been extinguished, you are no longer in violation and the property is considered to have returned to compliance with the above cited violations.

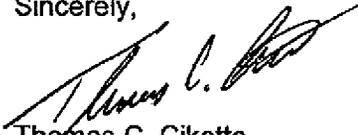

A copy of the OAC rules pertaining to open burning has been enclosed for your review. Please provide a written response acknowledging your receipt of this letter and your understanding of the rules. If you do not understand the rules please contact this office for additional explanation before responding. Your response is requested no later than May 10, 2013. A similar letter and the OAC rules are also being sent to Nathan Chumley because he, as the property owner, may be ultimately be held liable for current and future violations.

Please note that the submission of the requested information to respond to this letter does not constitute waiver of the Ohio EPA's authority to seek civil penalties as provided in Section 3704.06 of the Ohio Revised Code. Ohio EPA will determine later whether to pursue such penalties in this case. The decision on whether to pursue or decline to pursue such penalties regarding this matter is dependent on several factors, one of which is your future compliance with applicable Ohio EPA requirements.

Ms. Tawny Hill
