**RESOLUTION OF VIOLATIONS
NOTICE OF VIOLATION FOLLOW-UP LETTER**

Dear Mr. Bogan:

On February 28, 2013, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring Aero Abatement Services, Inc. (Aero Abatement) to submit revised notifications of demolition and renovation (NESHAP notifications) with accurate start and completion dates, for each of the sites listed above. CDAQ received a corrective action plan letter and revised notifications on April 22, 2013. However, the revised notifications were rejected because they were incomplete.

On May 8, 2013, CDAQ received a response from you stating that going forward Aero Abatement will be sure to provide revised notifications of the new start date by telephone or fax as soon as possible before the original start date, as well as provide written notice of the new start date as soon as possible, no later than the original start date.

Your corrective action plan, including the revised notifications, was received. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Mike Samec at 216-420-7682. All correspondence with CDAQ must include the Ohio EPA project identification number for 1067 East 145th Street, 924 East 146th Street, 3163 West 106th Street, and 1317-1321 East 105th Street: CL 13 944, CL 13 947, CL 13 948, and CL 13 1077.

Sincerely,

Response to Notice of Violations

CDAQ,

Aero Abatement has taken necessary steps to correct the violations of 1067 East 145th street, 924 East 146th Street, 3163 West 106th Street and 1317-1321 East 105th Street located in Cleveland. Going forward will be sure that our operating sources are in compliance with air statutes, air regulations, and air permit conditions.

Aero Abatement has taken steps to correct violations noted as 40 CFR 61.145 (b)(3)(iv)(A)(1), and 40 CFR 61.145(b)(3)(iv)(A)(2) by providing revised notifications (enclosed). Going forward we will be sure to provide revised notifications of the new start date by telephone or fax as soon as possible before the original start date, as well as provide written notice of the new start date as soon as possible, no later than the original start date. The revised notifications will be delivered within the accepted parameters, by postal service, commercial delivery service, or hand delivery.

Sincerely,

Antoine Bogan
