**RE: Compliance Evaluation Inspection – OHD981795354
Notice of Violation/Return to Compliance**

Dear Ms. Brand:

Thank you for assisting Pam Hull and me during the Tuesday, June 18, 2013, inspection of Greenville Technology, Inc. (GTI). The purpose of the inspection was to determine GTI's compliance with Ohio's hazardous waste laws as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC).

Based on the inspection, GTI is in violation of the following hazardous waste regulations:

- 1. OAC 3745-52-34(C)(1)(b) Accumulation time of hazardous waste:** Marks his containers either with the words "Hazardous Waste" or with other words that identify the contents of the containers.

GTI failed to comply with this regulation by having several satellite containers not properly labeled. **GTI is in violation of OAC 3745-52-34(C)(1)(b).**

During the inspection, GTI properly labeled the satellite containers. **Therefore, GTI is no longer in violation of OAC 3745-52-34(C)(1)(b).**

- 2. OAC 3745-273-13(D)(1) Waste management – standards for small quantity handlers of universal waste:** A small quantity handler of universal waste must contain any lamp in containers or packages that are structurally sound, adequate to prevent breakage, and compatible with the contents of the lamps. Such containers and packages must remain closed and must lack evidence of leakage, spillage, or damage that could cause leakage under reasonably foreseeable conditions.

GTI failed to comply with this regulation by not properly closing universal waste lamp containers. **GTI is in violation of OAC 3745-273-13(D)(1).**

During the inspection, GTI properly closed the universal waste containers.
Therefore, GTI is no longer in violation of OAC 3745-273-13(D)(1).
