Re: Lafarge Corporation Landfill
Paulding County
Return to Compliance

July 2, 2013

Mr. Tim Weible
Senior Environmental Manager
Lafarge Corporation
11435 County Road 176
Paulding, Ohio 45879

Dear Mr. Weible,

In a letter dated December 26, 2012 the Ohio Environmental Protection Agency (Ohio EPA) provided a notice of violation occurring at the Lafarge Corporation Landfill (Facility), located at 11435 County Road 176, Paulding, Ohio in Paulding County. On June 21, 2013 Ohio EPA received an electronic copy of the "Liquid Collection System Inspection Checklist" which indicated the current leachate level in the Leachate Collection System and details of leachate pumping activity. Ohio EPA has reviewed the above referenced document and determined the Facility has returned to compliance and abated the following violation:

Citation	Requirement	Action taken
OAC Rule 3745-30-14(K)(4)	Authorization	Lowered the leachate head level to less than 1-ft on the soil liner
OAC Rule 3745-30-14(B)(2)	Operations	Resumed operating in accordance with the Facility's PTI

Nothing in this letter shall be construed to authorize any waiver from the requirements of any applicable state or federal laws or regulations. This letter shall not be interpreted to release the owner or operator, or others, from responsibility under Chapters 3704, 3714, 3734, or 6111 of the Ohio Revised Code or under the Federal Clean Water Act, Resource Conservation and Recovery Act, or Comprehensive Environmental Response, Compensation, and Liability Act for remedying conditions resulting from any release of contaminants to the environment.

Please contact me at (419) 373-3033 or curtis.delong@epa.state.oh.us if you have any questions concerning this letter.

Sincerely,
